Description

Steps to reproduce:Open https://portal.bc.bulcode.com/login

2. Click Forgot password? under the login form
3. Type the email that you have registered before in the system
4. Click Send

Expected result:

The link to change your password should be sent to your email. We should see the message of successfully sent instructions for password change

Actual result:

The button Send just changes its' colour for several seconds, but nothing happens

Reason:

Emails need to be setup on dev env
